## Richard Young Behavioral Health

### Community Benefit Report FY2022

Our staff showed remarkable tenacity and creativity as they cared for patients in extreme circumstances with unmatched compassion. Our community remained our top priority and we were supported by the region in ways we couldn't have imagined. Meeting our community's needs going forward will be a bit easier with the opening of our Dr. Kenton L. Shaffer Emergency Care Center. Together, we stand ready to provide the care our community needs with a shared sense of hope for the future and improved health for all.
